

Community Investment Program

The importance Hydro Ottawa assigns to Corporate Citizenship is linked both to our history and our vision for the future.

We are a company with deep roots in our community, established through more than 100 years of providing an essential service to homes and businesses. With that heritage comes an expectation that we should be a good neighbour – engaged, responsive, willing to lend a hand, and a good steward of the environment we all share. We are fully committed to meeting that expectation.

Hydro Ottawa's Community Investment Program aims to support the communities in which Hydro Ottawa operates in a targeted and meaningful manner.

Community Partnership Investments

Hydro Ottawa supports a number of worthwhile community initiatives through our Community Partnership Investments. This sponsorship and donation program provides assistance through financial and/or in-kind contributions to organizations, initiatives and events that relate to one of the three priority areas listed below:

- Education/Capacity building;
- Renewable energy, energy efficiency and conservation; and
- Health, safety and wellness.
