APPENDIX E

Contracts and Applications for Connecting
an Energy Resource Facility

Appendix E: Contracts and Applications for Connecting an Energy Resource Facility

For information on connecting Energy Resource Facilities, please see Section 3.4.

For Micro-embedded Energy Resource Facilities, the Appendix E contract from the Ontario Energy Board's Distribution System Code is implied (see Section 2.1.6.2).

For all other Embedded Energy Resource Facilities, the contracts are explicit and discussed in this Conditions of Service in conjunction with Appendix E of the Ontario Energy Board's Distribution System Code.
