DISPLAY.

# LAST CHANCE OFFER ENDING SEPT. 30

FREE PROGRAMMABLE THERMOSTAT AND ENERGY DISPLAY.

FOR  
HOMES  
WITH  
CENTRAL  
AIR

- Easy-to-use touchscreen thermostat with online access.
- See electricity use in real-time with the In-Home Energy Display.

## How *peaksaver PLUS*<sup>®</sup> works:

- A few times a summer, your thermostat may be signalled to pause and release your central air conditioner in short intervals to reduce the electricity it uses.
- Adjustments only happen on weekday afternoons, and they're extremely rare. In 2013, there were only two **peaksaver PLUS**<sup>®</sup> activations.
- Most people don't notice a difference in temperature.
- You can opt out with advance notice.
